DATE: 22.5.2020

DAY- FRIDAY

Starting a Computer: We have to switch on the computer as it runs on electricity. You should follow the following steps to start a computer:

1. Switch on the main power supply.
2. Press the UPS button to switch it on.
3. Press the button on CPU to switch it on.
4. Press the button on monitor to open its display screen.

The screen that appears on the monitor is called desktop. The desktop picture or the desktop background is known as wallpaper. The small pictures or symbols that appear on the screen are known as icons.

Practice Questions (not to be done in fair notebook)

1. Name the parts of computer used to store the work you do on computer.
