Q1. Underline the verbs and tell whether they are Main Verb or Helping Verb.

1. Ram is late.
is = main verb.

2. Ram is reading a book.
is = Helping verb
reading = main verb.

Note ① When (is/am/are/was/were/has/have/had do/does/did) come alone in the sentence and tell what the subject is or what belongs to the subject then they are Main Verbs.

② When they come with other verbs like (reading, eating, written/eaten etc) then they are Helping verbs because they help in telling the number, person and tense.

③ Modals can never come alone. They are helping verbs as they come with main verbs.
