

School Beneficiary Satisfaction Policy

School Beneficiary Satisfaction Policy strives to meet the standards where they include the support and understanding of all stakeholders.

- There is a well defined and implemented policy for ensuring the satisfaction of students.
- Documented method or process is there to assess the satisfaction of students with respect to the services and programmes being offered to them.
- Need based teacher training programmes are organized or opportunities provided to them.
- Teachers are involved in school improvement planning or school development where their important opinions are welcomed on the framing of policies or programmes of school
- Satisfaction of the parents is always kept at top priority in relation to providing support with special learning needs.
- Trips/Camps/Excursions/Exchange programs have been beneficial to the students.
- Activity based and experiential learning is always implemented and feedback measures are taking from students.
