

## **Safety and security of Girls students' policy**

1. Regular one on one counselling services are being provided to girls at all grade levels in the form of prominent activities specially at early grades of I to V in the form of good touch and bad touch sessions.
2. Prominent security measures such as self defence lessons are being implemented in school to tackle critical situations like abduction, abuse outside or inside school premises by guests speakers.
3. Necessary sessions on situational awareness are conducted from time to time which includes unwanted advances being alert in the case if a child is matched or knowing how to throw off a physical attack inside/outside school.
4. Training programs for teachers are given special emphasis so that they can ensure harassment discrimination faced by any girl student and stringent steps are taken for the holistic advancement of girls.
5. Safety of girls in terms of availing school transportation is given top most priority where female helpers are displayed in the school buses so that any emergency situation can be reported.
6. Diligent and impartial behaviour is displayed by the school staff for equal security of girl students along with boys.
